

# Inhalant Prevention Video Review Form

Name of Video:	
Producer:	Year:
Grades Recommended (by Producer):	Grades Recommended (by Reviewer):
Synopsis:	
Prevention Message:	

<b>Essential criteria for videos targeting naïve youth</b>	If “no” to any of these, then do not use.
Video is careful not to talk about the “high” or “head rush.”	
Video is careful not to show specific products inhalable for a high.	
Video is careful not to show how products could be misused.	
Video is careful not to group inhalants in with other drugs.	

Rate from 5 to 1, with 5 = video makes a strong convincing case for message; 1 = video disregards that message

<b>Desirable criteria for all ages</b>	Strongly 5	4	Poorly 3	2	Disregards 1
Video equates inhalants with poisons, pollutants, or fire hazards (inhalants are poisons message).					
Video stresses using products as they were intended to be used (product safety message).					
Video is careful not to exaggerate negative effects on the body (truthful and reliable info message).					

Reviewer’s Comments:
<div style="display: flex; justify-content: space-between; margin-top: 20px;"> <span>5 Purchase</span> <span>5 Pass up</span> <span>5 Purge</span> </div>
